CAREER OBJECTIVE

Aspiring ML/LLM Engineer with hands-on experience in Python, PyTorch, Transformers, Generative AI, and RAG-based applications. Skilled in using Hugging Face libraries, embeddings, LangChain, FastAPI, and vector databases to build AI-powered solutions. Familiar with transformer architectures, model fine-tuning, and deep learning workflows. Passionate about building scalable AI systems and solving real-world problems using machine learning.

TECHINICAL SKILLS

Python, SQL, Machine Learning, Deep Learning, Generative AI, PyTorch, TensorFlow, Keras, Scikit-learn, Hugging Face Transformers, Hugging Face Datasets (Basics), PEFT (Basics), Transformers, Embeddings, LangChain, LangGraph, RAG Pipelines, Prompt Engineering, FastAPI, LLM APIs (OpenAI, Gemini), OpenCV, Pandas, NumPy, Matplotlib, FAISS (Basics), Data Preprocessing, Model Training, Model Evaluation, Feature Engineering, REST APIs, Linux/Ubuntu Terminal, Git & GitHub, MySQL, PySpark (Basics), OOPs, Data Structures.

PROJECTS

Generative AI Q&A Assistant

Skills Used: LangChain, Hugging Face, FAISS, FastAPI, RAG

Built a RAG-based chatbot for intelligent document question answering using LangChain, embeddings, and LLM APIs.

Developed document retrieval pipelines and FastAPI-based AI response APIs

Transformer-Based Text Classification

Skills Used: PyTorch, Hugging Face Transformers, NLP

Built a transformer-based text classification model using Hugging Face and PyTorch.

Worked with tokenization, embeddings, preprocessing, and inference.

Handwritten Digit Recognition

Skills Used: PyTorch, TensorFlow, Deep Learning

Built and trained a neural network model for handwritten digit classification.

Implemented preprocessing, model training, and evaluation techniques.

AI-Based Crowd Counting using YOLOv8

Skills Used: YOLOv8, OpenCV, Computer Vision

Developed a real-time crowd counting system using YOLOv8 and OpenCV.

Improved detection accuracy through preprocessing and model evaluation.

INTERSHIPS / TRAINING

AI & ML Virtual Internship – Intrainz (6 Months)

Cloud Architecting Virtual Internship – AICTE AWS (6 Months)

Data Analytics Virtual Internship – AICTE Eduskills (6 Months)

CERTIFICATIONS

Generative AI for Beginners – Simplilearn SkillUp

LLM Prompting with Gemini – Simplilearn SkillUp

Python for Data Science and Machine Learning

Hugging Face Transformers – Basics

SOFT SKILLS

Communication, Problem Solving, Analytical Thinking, Team Collaboration, Adaptability.

EDUCATION

Bachelor of Technology (B.Tech) – Artificial Intelligence and Machine Learning Nalla

Malla Reddy Engineering College, JNTU Hyderabad | 2025 | CGPA: 8.5
